You may allow or disallow WHOOP to collect Geolocation Data by enabling or disabling location services when you use our Services at any time by way of your device settings.

INFORMATION WE AUTOMATICALLY COLLECT WHEN YOU USE OUR SERVICES

WHOOP uses cookies and similar technologies such as pixel tags, web beacons, clear GIFs, and JavaScript (collectively, “Cookies”) to enable our servers to recognize your web browser and tell us how and when you visit and use our Services, to analyze trends, learn about our user base and operate and improve our Services. Cookies are small pieces of data– usually text files – placed on your computer, tablet, phone, or similar device when you use that device to visit our Services. We may also supplement the information we collect from you with information received from third parties, including third parties that have placed their own Cookies on your device(s). Please note that because of our use of Cookies, the Services do not support “Do Not Track” requests sent from a browser at this time.

WHOOP uses the following cookies:

Essential Cookies: Essential Cookies are required for providing you with features or services that you have requested. For example, certain Cookies enable you to log into secure areas of our Services. Disabling these Cookies may make certain features and services unavailable.

Functionality Cookies: Functional cookies are used to record your choices and settings regarding our Services, maintain your preferences over time, and recognize you when you return to our Services. These cookies help us to personalize our content for you, greet you by name, and remember your preferences (for example, your region).

Performance/Analytical Cookies: Performance/Analytical Cookies allow us to understand how users use our Services such as by collecting information on how often users use a particular feature of the Services. These aggregated statistics are used internally to improve the Services in a way that makes the Services interesting to as many users as possible. Performance/Analytical Cookies also help us measure the performance of our advertising campaigns in order to help us improve our campaigns and the Services' content for those who engage with our advertising. For example, Google, Inc. ("Google") uses cookies in connection with its Google Analytics services. Google's ability to use and share information collected by Google Analytics about your visits to the Services is subject to the Google Analytics [Terms of Use](#) and the Google Privacy Policy. You have the option to opt-out of Google's use of cookies by visiting the Google advertising opt-out page at www.google.com/privacy_ads.html or the Google Analytics Opt-out Browser Add-on at <https://tools.google.com/dlpage/gaoptout/>; please also see the section titled "Opting Out of Interest-Based Advertisements."

Retargeting/Advertising Cookies: Retargeting/advertising cookies collect data about your online activity and identify your interests so that we can provide advertising that we believe is relevant to you. For more information about this, please see the section below titled "Information about Interest-Based Advertisements."

You can decide whether or not to accept Cookies through your internet browser's settings. Most browsers have an option for turning off the Cookie feature, which will prevent your browser from accepting new Cookies, as well as (depending on the sophistication of your browser software) allow

you to decide on acceptance of each new Cookie in a variety of ways. You can also delete all Cookies that are already on your computer. If you do this, however, you may have to manually adjust some preferences every time you visit a site and some of the Services and functionalities may not work.

To explore what Cookie settings are available to you, look in the “preferences” or “options” section of your browser’s menu. To find out more information about Cookies, including information about how to manage and delete Cookies, please visit <https://ico.org.uk/for-the-public/online/cookies/> or <http://www.allaboutcookies.org/>.

INFORMATION ABOUT INTEREST-BASED ADVERTISEMENTS

We may serve advertisements, and also allow third-party ad networks, including third-party ad servers, ad agencies, ad technology vendors and research firms, to serve advertisements through the Services. These advertisements may be targeted to users who fit certain general profile categories or display certain preferences or behaviors (“Interest-Based Ads”). Information for Internet-Based Ads (including Personal Data) may be provided to us by you, or derived from the usage patterns of particular users on the Services and/or services of third parties. Such information may be gathered through tracking users’ activities across time and unaffiliated properties, including when you leave the Services. To accomplish this, we or our service providers may deliver Cookies, including a file (known as a “web beacon”) from an ad network to you through the Services. Web beacons allow ad networks to provide anonymized, aggregated auditing, research and reporting for us and for advertisers. Web beacons also enable ad networks to serve targeted advertisements to you when you visit other websites. Web beacons allow ad networks to view, edit or set their own Cookies on your browser, just as if you had requested a web page from their site.

We comply with the Digital Advertising Alliance (“DAA”) Self-Regulatory Principles for Online Behavioral Advertising. Through the DAA and Network Advertising Initiative (“NAI”), several media and marketing associations have developed an industry self-regulatory program to give consumers a
